The game also introduces the all-new “Real Player Motion”, which allows the player to control their “hero” in a full-body approach to play, by body shape. The “Real Player Motion” feature is also made possible with the introduction of “Referee Motion”, which consists of a piece of equipment that tracks the movements of the referee. This allows users to control the body shape, bezels and the whole appearance of the official during gameplay. Finally, FIFA 22 introduces new Pro-Team kits: the PS4 and Xbox One versions will have kits based on the Real Madrid and Barcelona, while the PC version will have kits based on Manchester United. The FIFA World Cup in the USA is coming up in 2018, and FIFA 22 is expected to provide a complete representation of the tournament. FIFA® 22 is released on 27 August 2017 and is playable on the Xbox One™, PlayStation®4, Nintendo Switch, Nintendo Wii U™, PlayStation®3 computer entertainment system and Windows PC. Like FIFA 19, FIFA 21 and FIFA 20, FIFA 22 will support the FIFA 14 Pro Season Pass. The pass will allow fans to play as their favorite Real Madrid, Barcelona and Manchester United players through EA SPORTS Football Club. * Contents subject to change. Retail price and contents may differ from region to region. FIFA 13 "FIFA 13" - A more authentic and accurate version of the beautiful game! FIFA 13 has been completely redesigned and rebuilt from the ground up to deliver all new features and improvements, alongside additions that have been made possible through constant research and development. FIFA 13 will be the first FIFA title to feature “Real Player Motion” technology, giving players the freedom to control their “hero” in an all-body approach to gameplay. It will also feature two-footed controls, true-to-life and weight-based movement physics, an all-new ball physics model, dynamic environment response, more realistic ball trajectory and greater ball rebound. In addition, FIFA 13 will introduce the all-new Player Intelligence framework (PIF). PIF employs a new operating system-based technology that guides players and their teammates through tactical decision making. Many new social features, including community driven leaderboards, as well as matchmaking options for leagues, friendlies and cups will

Fifa 22 Features Key:

- **Master the ball:** See the world of football through your lens as you step up the intensity of play, and dominate closer to the goal with Dribbling.
- **Twist and turn:** Choose to play the way you want - Manage your team and fans with the Gamepad or a touchscreen, and control every aspect of play with your mouse and keyboard. FIFA 22 is more player-led and interactive, better mobile controls and new ways to create, score and compete.
- **Refocus your shot:** Pass it up, throw it forward or even use the ball against your opponents with a range of new one-touch tricks and player skills.
- **Dominate on the pitch:** Become the best defender or top striker, and flex your finisher muscles; use the new Defensive Wall, Ultimate Team, and FIFA's most realistic player intelligence to create the most complete team.
- **The speed of a pro:** From powerful sprints that open up defences to individually intelligent Artificial Intelligence to control the pitch, your opponents and the game.
- **The likes of EA SPORTS:** Complete stadiums and channels and achieve the rarest of feats of footballing mastery with your friends via FIFA's live online multiplayer and social features. Find out more at: www.fifa.com/in-fifa
- **Creator booth:** Feedback from fans and users helped shape this year's gameplay philosophy, and lead to unprecedented levels of polish, with new animation, ball physics, ball rolling, transitions and crowd reactions.

FIFA is the world's most popular sports video game franchise, letting players live out their fantasy on the pitch. Whether you're cheering your favorite team to glory or crushing the competition with one of the world's greatest players, FIFA lets you go wherever your heart takes you. FIFA creates a deeply personal experience as you call the shots and create your fantasy using the most authentic football action possible. Ten years of FIFA on one console: The decision to bring FIFA to PlayStation® has been a journey that began with creating the best version of football ever played. Since the launch of FIFA 18, we've evolved the game around fan feedback and introduced new features, technology and innovations that redefine the football experience. A FIFA World Cup moment for the community: If you were to think back to the dawn of gaming, the FIFA World Cup was in abundance. It was a game that brought fans together. It was a game that was more than just a competition - it became a tournament. And now, EA SPORTS FIFA brings that spirit to life on PlayStation 4. FIFA World Cup™ FIFA World Cup™ in FIFA can be played in all six official variants. FIFA World Cup™ 2017 is still the game's largest and most diverse mode, with over 40 playable nations and over 300 official teams. Score exhilarating goals, create masterpieces, and win on the world's most prestigious stage. FIFA World Cup™: Winning Ways In FIFA World Cup™ Winning Ways you can face off against your friends across real-world circumstances and compete in Story Mode or online up to eight weeks. Choose one of 39 national teams and play to qualify, play for glory, or, for the first time ever, play in a joint FIFA World Cup™ game online with up to eight friends. Using the same match engine that powered FIFA 18, FIFA World Cup™ Winning Ways offers a deep career mode with the option to play five years of career mode games or go for a one-off chance at glory with your friends. FIFA World Cup™: Career Mode In FIFA World Cup™ Career Mode all 39 teams compete for the FIFA World Cup™ Trophy, with the ultimate goal being to play on the world's biggest stage. Play solo or with friends and choose from over 600 national team kits, to play in all 6 FIFA World Cup™ variants. Starting
