What's new in Elden Ring:

■ Story

Once upon a time, the City of Menzoberranzan was prosperous, yet corrupt. At that time, the evil beings known as the Quori attacked the city. Setting siege to Menzoberranzan, they razed half the city, including some of the most beautiful districts. The remaining humans were spread out across the city.

Among these empty buildings, an old woman and a newborn infant found themselves inside. The old woman was a powerful slaadi, and she cared for the newborn with the last of her strength. When the infant cried, the old woman, worried that there was no one left to care for him, fished him from the river. Then, noticing the beautiful lilting song of the infant, she raised him on her knees as the city burned. It was the babe's first song, the Elder Spell song, and it was the first sound of that newborn. Thus, Menzoberranzan was created.

However, that babe was Tarn, the first true, lawful demon. As a mortal child, Tarn had been adopted by Menzoberranzan's ruling demon, Quéen Azuriel, and thus he, too, took part in the creation of Menzoberranzan. As such, Tarn was born into the perfect civilization.

At the start of the siege, the bigwigs of Menzoberranzan, Quéen Azuriel and her lieutenant Truesilver among them, had fled to the Drow city of Menzoberranzan, as did the lesser demons, for freedom and to flee Quéen Azuriel's wrath. Like a horde of dark refugees of old, these few were now scattered throughout the world. But the Quori, who were most eager to kill them, came after them.

In such a desperate situation, they knew not what to do. And yet, their fear did not vanish. They began to wish Tarn and his power.

Queen Azuriel ordered the slaadi to create an arcane fortress at the center of their city. And on her orders, the lesser
